

Testa High output NEMA 4X LED remote head

Job/Location: _____

Contractor: _____ Prepared By: _____

Model Number: _____ Date: _____

HIGH OUTPUT LED REMOTE

The **TESTA** high output remote heads are designed for applications requiring maximum light output. With up to 2500 lumens per head and precise optics, the **TESTA** is the perfect choice for high ceilings and long tunnels.

EXTERNAL SPECIFICATIONS

The **TESTA** series housings are constructed from corrosion resistant, cast aluminum. Lenses are made from impact resistant acrylic to resist yellowing. The NEMA 4X design of the **TESTA** is fully gasketed for protection against wet and dust-filled environments.

ORDERING INFORMATION

Series	Output	Head #	Voltage	Options
TES	RD30 (1400 lm)	1 (Single head)	12-24V	LC (Less canopy)
	SQ30 (2500 lm)	2 (Double head)		

EXAMPLE: TES-SQ30-1-12-24V

DESCRIPTION: Testa High Output Remote, square shape, 30W, 2500 lumens, 12-24VDC LED

LED HEAD

Each **TESTA** can be configured with one or two heads. Each head consumes 30W. The **TESTA** is available in a round style with 1400 lumens or square style with 2500 lumens.

INSTALLATION

The **TESTA** series of remote fixtures are suitable for surface wall and surface ceiling in both indoor and outdoor environments. The operating temperature is -30°C to +40°C.

CSA 22.2 No. 141 performance certified.
